

Portfolio Workshop

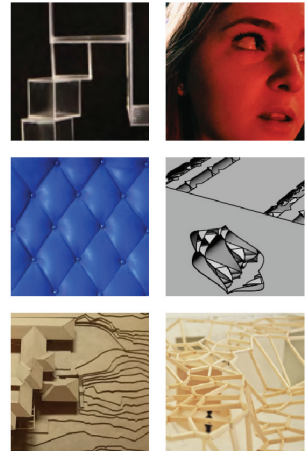

a
follow-up
Zoom
event

Department of Art & Architecture

Nov. 4, 5:00pm Free to UCSB Students

The goal of this workshop is to provide constructive feedback on images created for M.Arch portfolios by students and recent grads. This is an opportunity to show your work to fellow students and recent grads. Paul Rupp, an architect in Santa Barbara and the AIA's local Mentor to Emerging Professionals, will be on hand to provide critique as well. If you are nearing completion of your applications or just beginning them, this opportunity can help you create a more effective portfolio.
